Hi Pete, attached are my comments on the full and abbreviated public notices of a hearing on ND's next triennial. I added a couple of comments for your consideration (nothing required).

I'm going to run these draft notices by Erin Perkins, an attorney in Region 8's Office of Regional Counsel, to make sure I didn't miss anything. I'll let you know if I receive any comments from her.

Hope it's warming up in your neck of the woods! Enjoy the rest of your day.

Subject: Public Notice

Dear Holly:

Attached is an abbreviated and a complete public notice draft for the start of my next triennial review - starting this spring early summer after we are a DEQ. Would you be so kind as to look it over to ensure it meets the required language.

From the time it is published we run approximately 60 days before the public hearing (14 days for it to be published through all the local papers + 45 days) and then give an additional 10 days for public input after the public hearing. The dates would reflect this when finished.

Hope all is going well in Colorado. Our winter is still hanging on. Eleven inches of snow this weekend and Minus 9 last night will give way to temps in the high 20's to low 30's but another helping of snow Wednesday or Thursday.

Pete
